Re: CoreComm Missouri, Inc.
Notice of Service Discontinuance

Dear Counsel:

The Missouri Public Service Commission's Data Center has received your letter of March 14, 2005, apparently indicating your intent to notify the Commission that CoreComm Missouri, Inc. intends to discontinue offering telecommunications service in Missouri on April 18, 2005.

I am responding on behalf of the Staff of the Commission.

Your letter and the accompanying Section 63.71 Application before the Federal Communications Commission contain a description of the nature of service CoreComm Missouri, Inc. provided and indicated that the company plans to cease offering telecommunications service after April 18, 2005.

To cancel or seek rescission of a company's certificate of service authority in Missouri, this Commission establishes a formal case and requires a formal, attorney-made filing to instigate that case. Please be advised that the Commission's rules require a Missouri-licensed attorney to make such a filing on behalf of a corporate entity such as CoreComm, Missouri, Inc. See the Commission's rule at 4 C.S.R. 240-2.040, esp. 2.040(5).

It does not appear at this time that the company is delinquent in submitting documentation or payments to the Missouri Commission. **However, the company will still be expected to continue to comply with all Missouri Commission regulations and requirements, including the requirements to pay assessments and file Annual Reports, until its certificate of service authority has been cancelled.**

You may obtain local counsel to file a case to cancel the company's certificate of service authority. Alternatively, you may contact the Commission's Staff to arrange for such a filing. If you choose that alternative, the Commission's General Counsel's Office will make a filing seeking certificate cancellation if the company is in current compliance with all regulations and other requirements, and your client will have the opportunity to file a response if it so chooses.

Please contact me if you have any questions or desire to proceed with a cancellation case using the Commission's resources.

As the company has an active certificate during this calendar year, they must still provide the Missouri Commission with a completed Statement of Revenue for their calendar year 2004 revenues, as well as a calendar year 2004 annual report. The Statement of Revenue was due on **March 31** and the Annual Report is due **April 15**. Please let us know if you need further assistance in obtaining or completing these documents.

Sincerely,

DANA K. JOYCE
General Counsel
